

New Member Experience R&D

C4SF Research Team

Members: Carla, John-Michael, James, Jaoyi, Larry, Jacob, Phoebe, Caitlin, David

May 18, 2016

PROBLEM

How can we improve the new member experience at C4SF Hack night?

OUR APPROACH

User-centered design: The people who face the problem have the key to the solution.

WHY?

- Improve new member sentiment
- Increase retention
- Increase meetup growth
- Improve C4SF project success!

Pain point IDing

Pain points

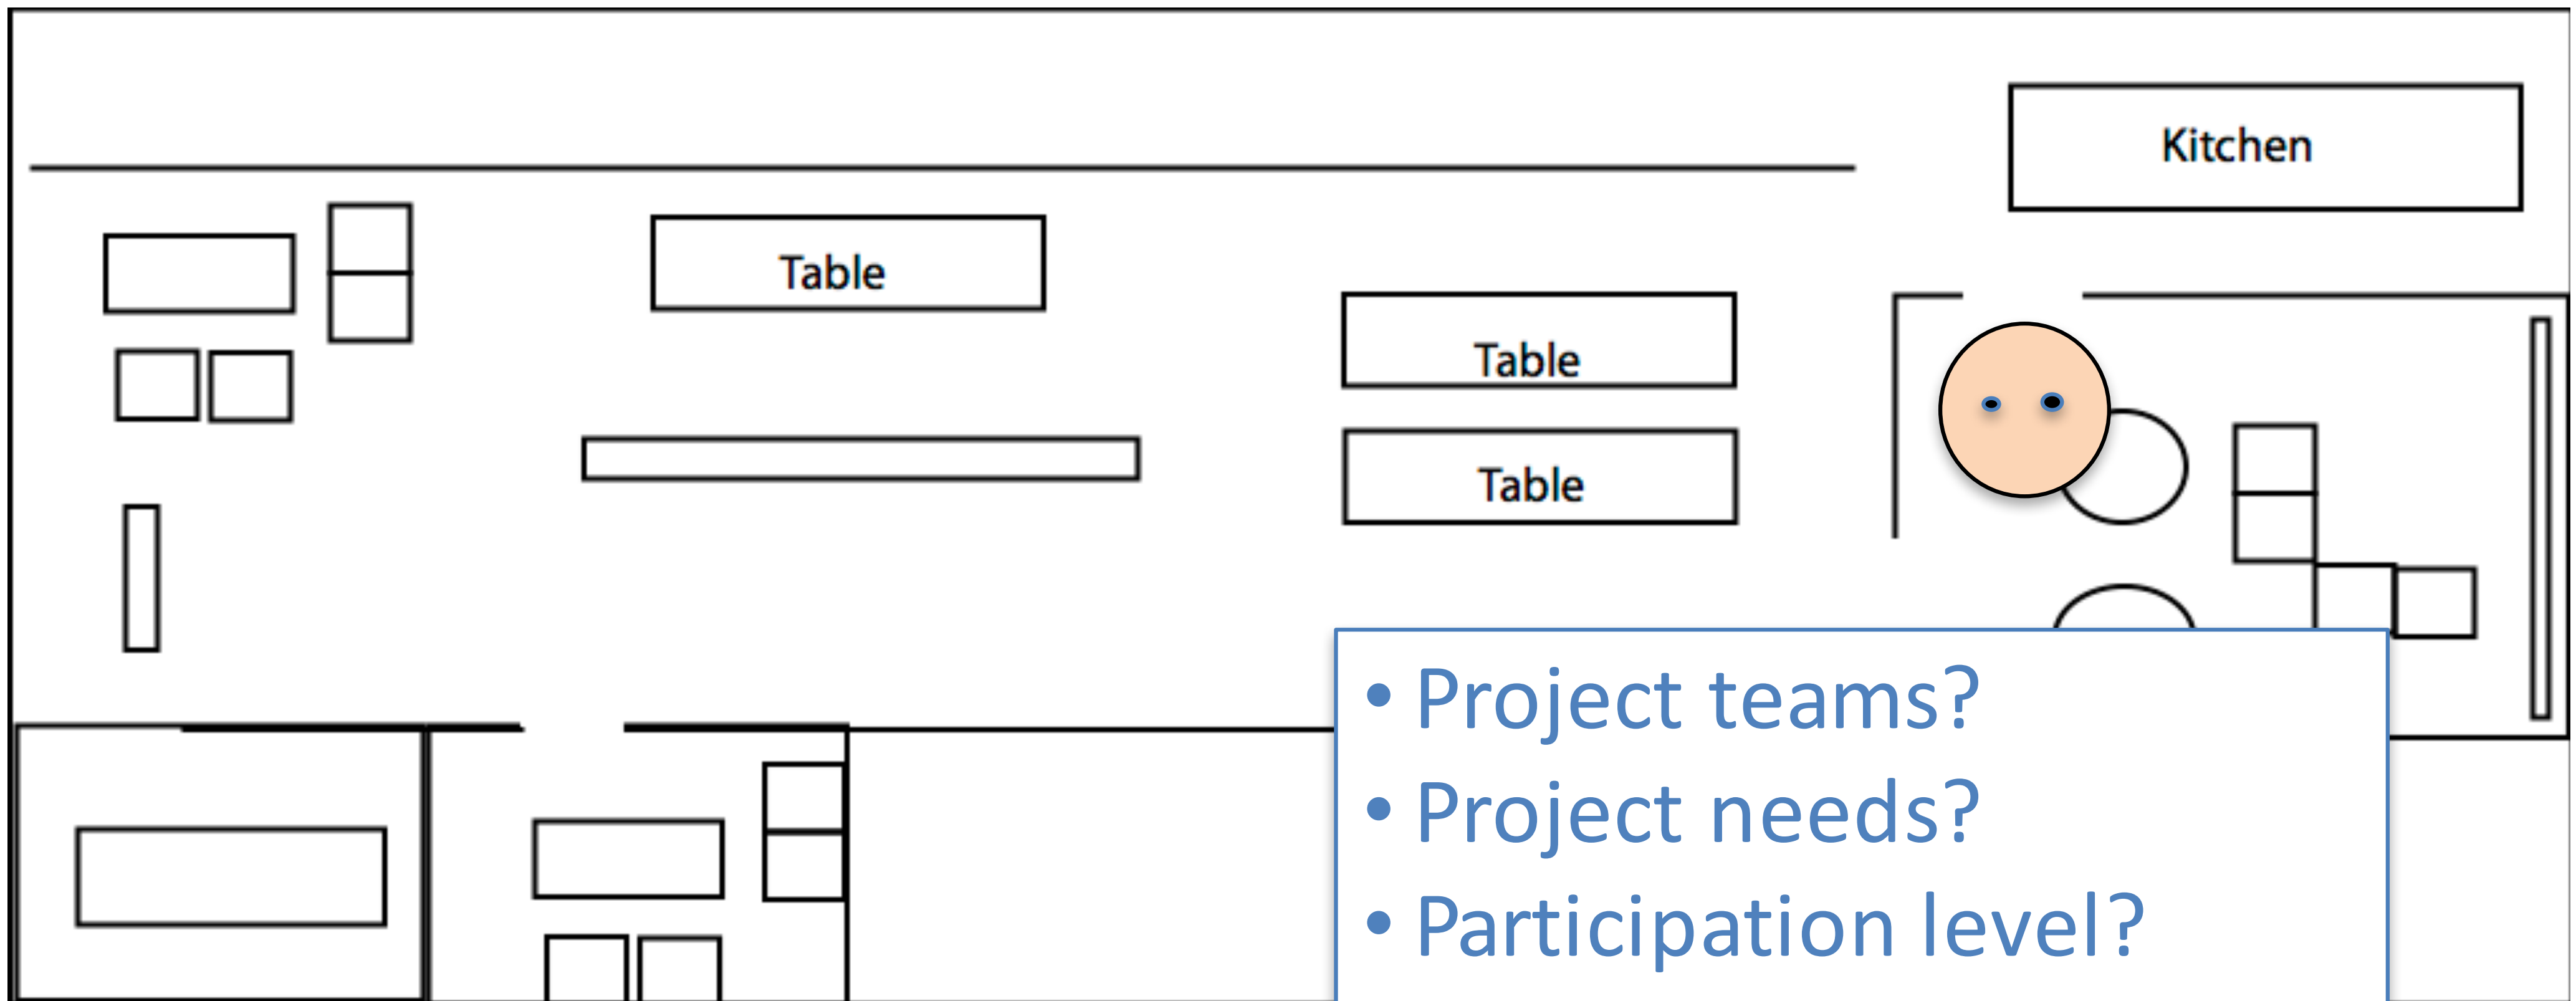

Pain points

- Where is meeting room?
- What should I do now?
- Who do I talk to?
- Do I fit in?

Pain points

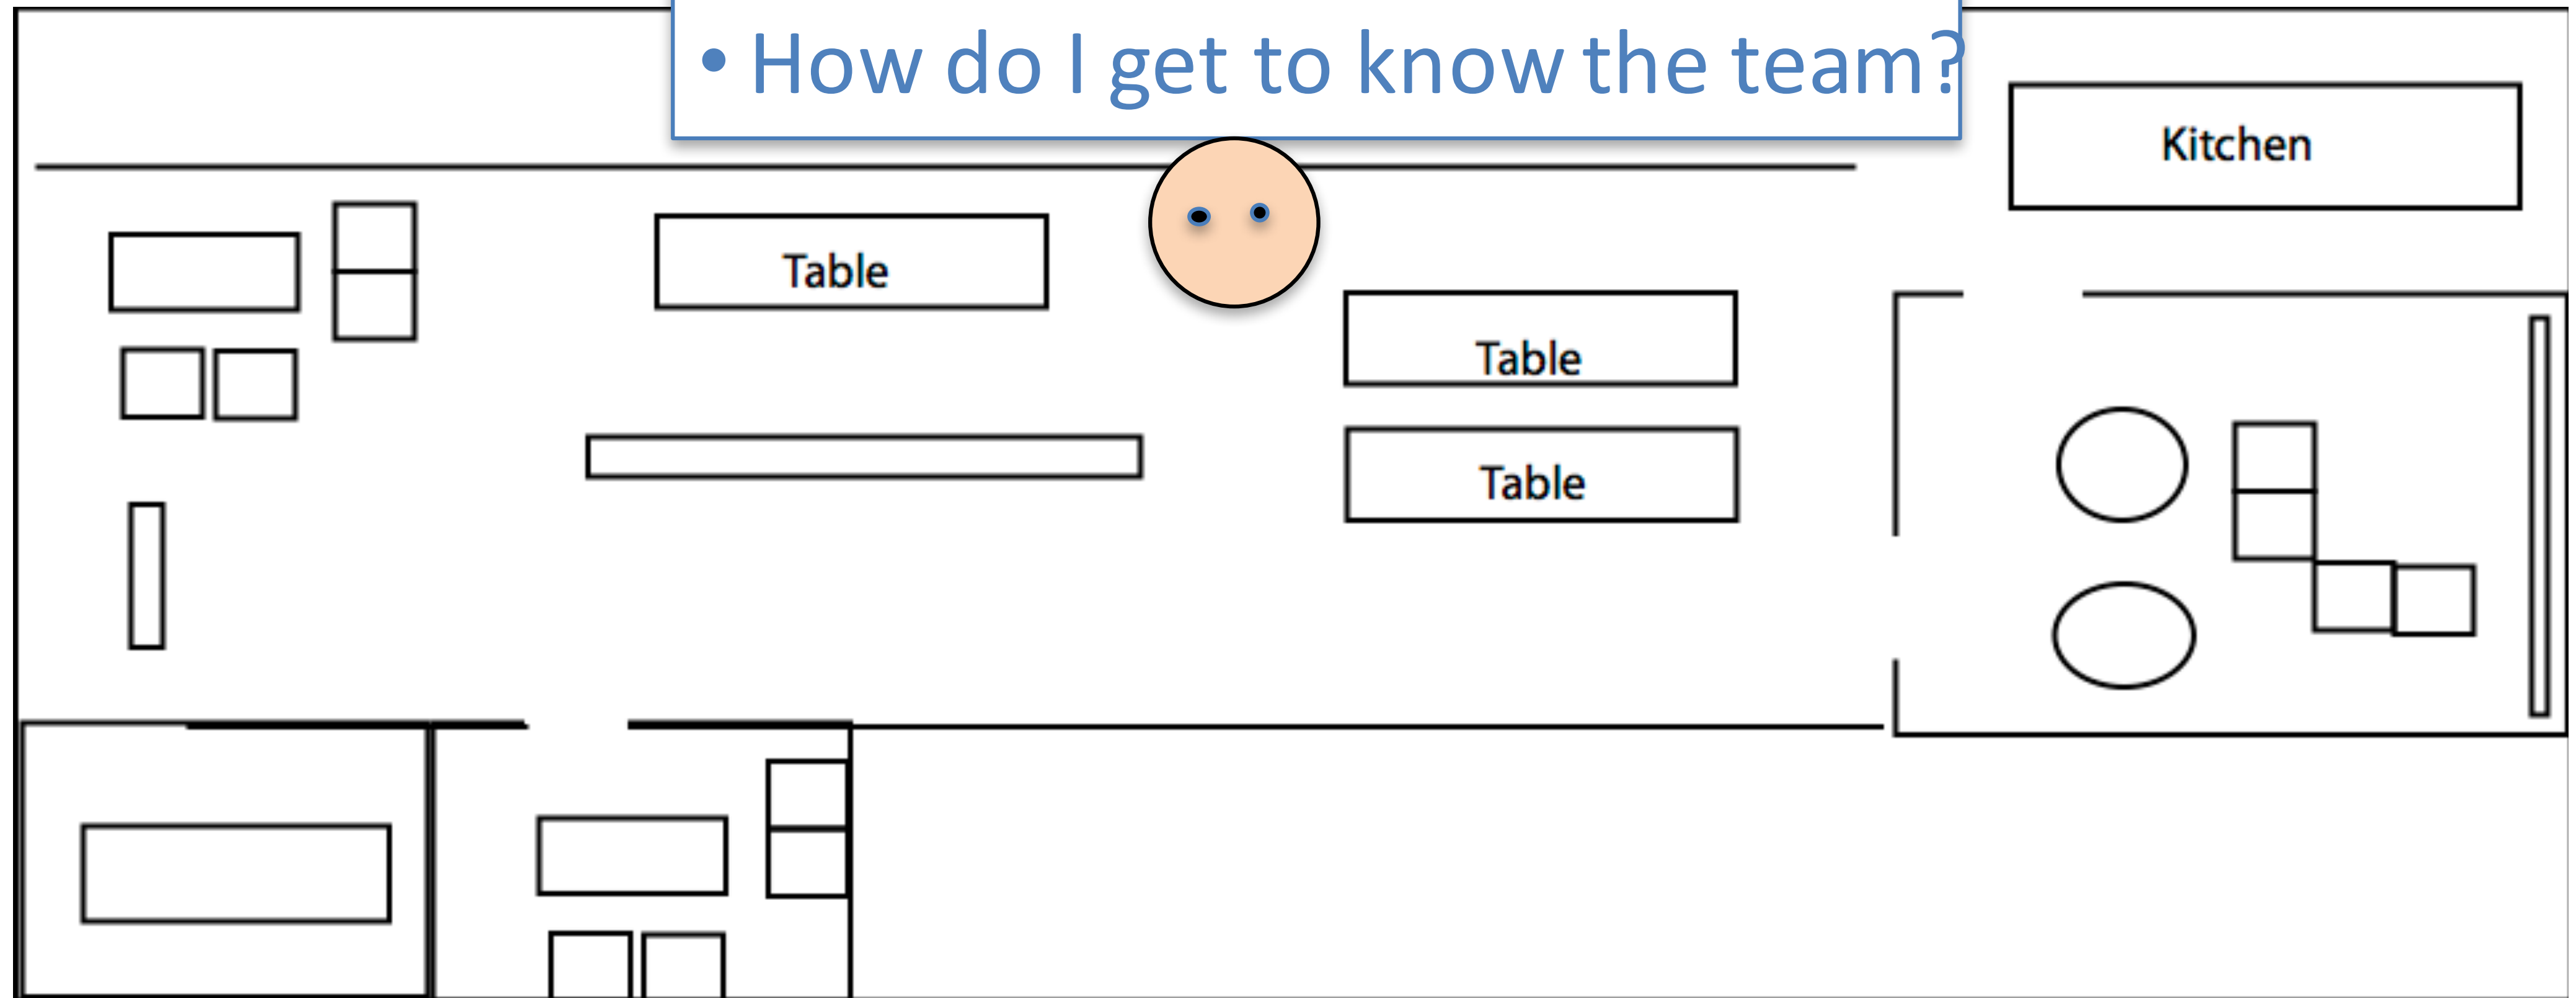

- Project teams?
- Project needs?
- Participation level?
- Deliverables & Progress?

Pain points

- Am I interrupting?
- How do I get to know the team?

WELCOME!

Code for San Francisco

hack night

1. press buzzer →
 2. wait for "click" sound
- ⚠ beware: it's very soft

Part 1

Code for
SF < [] >

05/18/16 6P-10P

Part 2

1. press

2. buzz ⚡

3. push

WELCOME

to

CIVIC HACKNIGHT

- New members
- check in @ front desk

if the date
for change
every week,
it will require
printing EVERY
week

what's that?

why is the
date necessary?

Come in!
press button
6pm - 10pm

Improvements & Solutions

Improvement: Easier to approach teams
Solution: ambassador program, etc

Improvement: Better information
Solution: Signage, etc

Improvement: More team details
Solution: team gallery, matching

NEXT

- Continue iterating on new signage
- Gather more feedback from new members
- Kick off planning and execution for other pain points

WHO?

We're looking for anyone with experience or interest in UX, User-Centered Design, HCI, design thinking, or anything related.

If you care about better understanding the needs of people so you can build better solutions, we're your team!

What **questions** do you have?

And find us at #research in sfbrigade on Slack!
